Genius Chargers and Maintainers

NOCO
genius
 wicked smart chargers™

**Automatically Diagnoses, Recovers,
 Charges & Maintains Your Batteries!**

Genius Multipurpose Battery Chargers & Maintainers are Fully Automatic Chargers.

They can restore batteries to their original capacity, recover slightly sulfated batteries, charge batteries in cold climates, rescue drained batteries and provide maintenance charging to increase battery life. Versatile chargers that, throughout the range, can provide charging and maintenance for 6V, 12V, and 24V batteries ranging in size from 1.2Ah to 500Ah. NOCO Genius chargers are fortified with several unique safety features to protect you, your battery and the battery charger. Our smart processor utilizes sophisticated levels of intelligence to alter the charge process based on organic feedback from the battery to extend battery life, quickly and efficiently making decisions on how to charge the battery without risking user safety or battery damage.

Battery Life

Battery Life Solar Battery Chargers + Maintainers Are Designed To Counteract The Effects Of Natural Battery Drain Due To Time, Climate and Conditions.

Batteries slowly discharge over time when not in use and the constant demand from vehicle's computer and electronics leave the battery in a discharged state. Unless the battery is being charged, it is always losing capacity, which will lead to sulfation, and ultimately, battery failure. Battery life can be increased, sulfation prevented, and full power restored by simply leaving the battery connected to Battery Life Solar.
